ABOUT OUR HIGH TEA

Join us for a Sip and Support High Tea at Castello Ristorante, a celebration for International Women's Day!

As we gear up for IWD, we're excited to announce the formation of a committee with a mission to raise \$50,000 for EHCW (Elspeth Heyworth Centre for Women). Our goal is to provide vital support to girls and women facing violence in the GTA.

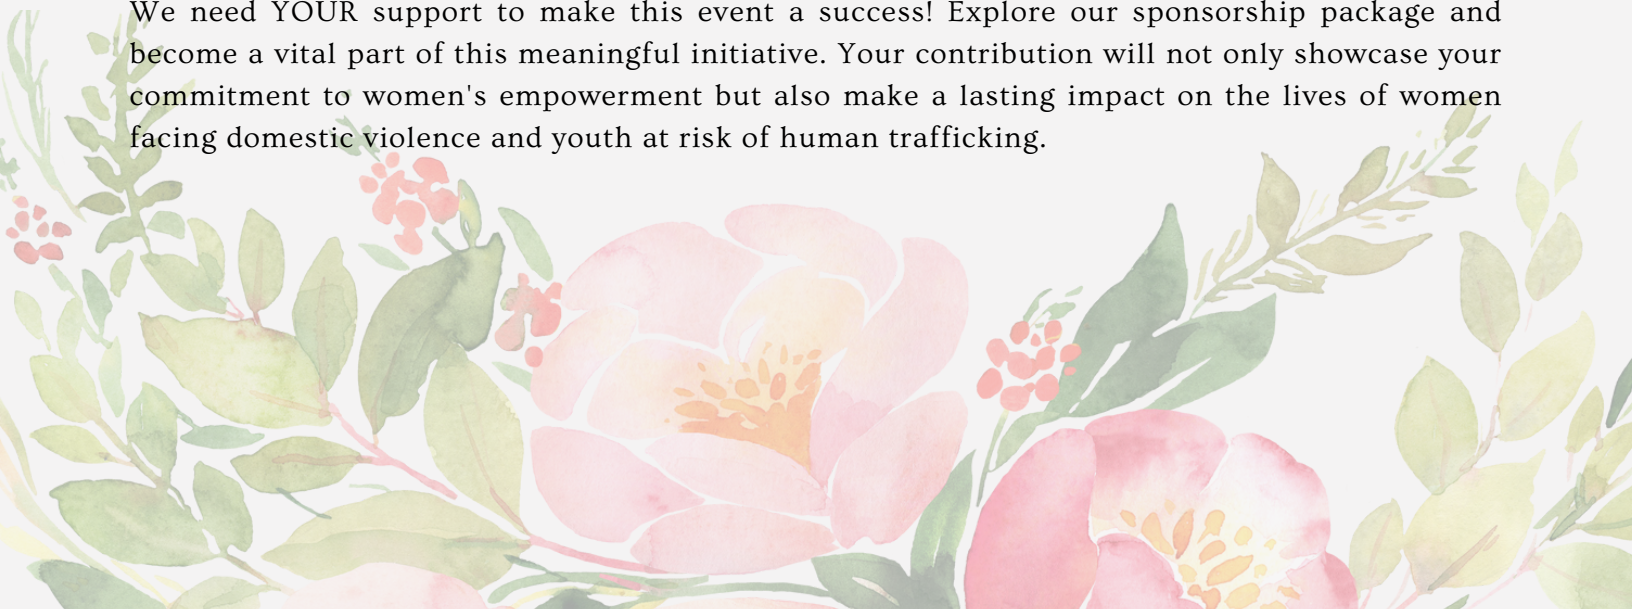

York Regional Police Deputy Chief Cecile Hammond, a key member of our committee, has shared alarming statistics on the surge in crimes against women in the GTA. Human trafficking is at an alarming high. As advertised in York Region: Every kilometre, there is someone luring vulnerable youth to human trafficking. Now, more than ever, it's crucial to stand together and make a difference.

EHCW anti-human trafficking program builds support and creates resiliency among children and youth through group therapy/support and workshop series. International youth are taken as student placements at EHCW, up to 50 of them at any given time, keeping them engaged in the community so that their attention is diverted away from potential criminal activities. Youth and international students are equipped with resources to establish a network of support, safeguarding them against the risks and vulnerability of human trafficking.

EHCW is in urgent need of support for services and programming to assist the growing number of victims of human trafficking seeking refuge at the center. The center is also actively working to reduce the incidence of domestic violence, alleviate conditions of isolation and poverty among immigrant women and seniors, and connect those facing linguistic or cultural challenges to vital support programs.

Join us on March 5th from 2:30-5:30 PM to kick off International Women's Day. Your presence and contributions will help create a safer and more supportive environment for those who need it most.

We need YOUR support to make this event a success! Explore our sponsorship package and become a vital part of this meaningful initiative.
